

Brad Jones, *CMCA, AMS, PCAM*

Brad has been in the Property Management Industry since 1994, beginning on a landscaping crew which serviced multiple associations and working his way up the ladder to becoming a Portfolio Manager for a leading management company in the Northeast Region. With his association management experience Brad became Senior Managing Partner with Preferred Management Associates in 2012.

With Brad's experience in the field, along with an Associate's Degree in the construction field, Preferred Management Associates has become a leader in large scale project management for community associations and commercial clients. Projects have included storm-water remediation, natural and manmade dam restoration and replacement, roadway reconstruction and paving. With this experience, Preferred Management can also assist in architectural control and review for your community association.

Brad is a long time member of Community Associations Institute, serving as Council President and a member of several committees. Brad has achieved his Certified Manager of Community Associations (CMCA), Association Management Specialist (AMS) and Professional Community Association Manager (PCAM) accreditations.
